

The Record Matters:

All legislators who have served talk about the bills they introduced, and in some cases it can say something about their priorities. However the more telling story is what got passed. I invite you to examine the legislative record of those who have served LD2.

Arizona’s Legislative District 2 spans two counties; Pima and Santa Cruz. It encompasses all of Santa Cruz County. In Pima County it encompasses Southern Tucson (basically south of 22nd St. between I-19 and Davis-Monthan AFB), the I-19 corridor (Sahuarita and Green Valley), and the southern-central part of the county (south of Three Points-west to Sasabe).

Since its creation in the 2012 redistricting, Five people have served as State Representatives.

Andrea Delasandro (2013-present; Currently State Senator)	0 Bills Passed
Rossana Gabaldon (2013-present)	0 Bills Passed
Damien Clinco (2014; appointed for one session)	0 Bills Passed
Chris Ackerley (2015-2016)	5 Bills Passed
Daniel Hernandez (2017-present)	0 Bills Passed

What follows is a list of the bills introduced by those representatives currently running for re-election and their final disposition in the legislative process.

Excluded from the list are un-amended technical corrections, single item appropriations, and memorials. Technical correction bills are place holders to be used with “strike everything” amendments in the legislative process. As a general rule with few exceptions, appropriation bills (even those sponsored by majority members) do not pass on their own. If they are passed in committee, they are sent to the appropriations committee to be considered in the budget. Memorials and resolutions do not have the effect of law; they are merely statements, sometimes with a directive to the secretary of state to send a letter.

The full text of the bills, related documents and legislative record can be found at azleg.gov.
